## Hire Parnall Law from the Comfort of Your Own Home Via Phone and Video Calls

Coronavirus (COVID-19) is sickening and killing legions, compelling lockdowns and shelter-in-place orders, and disabling peoples, cultures and nations around the world. We, like so many New Mexicans, are taking this threat as seriously as possible. We also understand the fears that many people, injured by wrongdoing but stuck at home, may have about traveling to talk to a lawyer. So we are playing our part by minimizing contact with clients and callers, in order to reduce the spread of this illness. With this in mind, Parnall Law – Hurt Call Bert! wants to remind you that you do not have to come to our office to meet with us. You can become a client from the comfort of your own home via phone consultations and electronic signature capabilities. We can arrange a video call with an attorney, and we can text or email you documents to sign on your phone or computer. Call us at 332-BERT (2378) today.
